

Coordinate Bashing

MOP 2011

June 30, 2011

Something has changed within me
Some lines are not the same
I'm through with playing by
The rules of some synthetic game

Too late for second guessing
Too late to go back to sleep
It's time to trust my instincts
Close my eyes and leap

It's time I tried coordinate bashing
I think I'll try coordinate bashing
And you can't mark me down

I'm through accepting limits
Cause graders tell me so
Some things I cannot bash
But 'til I try I'll never know

Too long I've been afraid of
Losing style I guess I've lost
Well then that style comes at
Much too high a cost

I'd sooner buy coordinate bashing
I think I'll try coordinate bashing
And you can't mark me down

Unsimplified
My answer is
Unsimplified

Hello, the answer that I seek is not pretty
I know
This seems truly crazy
And true, my math is lazy
But I think I've found the key

Then I'll do more
Coordinate bashing
I'll raise my score, coordinate bashing
And you can't pull it down

So if you care to join me
Bash with the Law of Sines
As someone told me lately,
Every problem has a chance, so try!
And if my style score's low
At least my math score's high
And having started,
I'll keep bashing til I die

Tell them how I'm coordinate bashing
I'm killing time coordinate bashing
And soon I'll match them in renown
And nobody in all of MOP
No grader who tells me to stop
Is ever gonna mark me down!
